McGraw-Hill/Dushkin

American democracy is in crisis, but nobody seems to know what to do about it. Breaking the Two-Party Doom Loop offers a big and bold plan. The true crisis of American democracy is that two parties are too few. Deftly weaving together history, theory and political science research, Drutman shows the only to break the binary, zero-sum toxic

partisanship is to break it apart. America needs more partisanship, rather than less, but in the form of more parties. In this wide-ranging, learned, but highly accessible book, Drutman charts an exciting path forward that might just save the country.

*The Struggle for Democracy 2014* W. W. Norton

Hyperpartisanship is as old as American democracy. But now, acrimony is not confined to a moment; it's a permanent state of affairs and has seeped into every part of the political process. Identifying the overriding problems that have led

Congress—and the United States—to the brink of institutional collapse, *It's Even Worse Than It Looks* profoundly altered the debate about why America's government has become so dysfunctional. Through a new preface and afterword, Thomas Mann and Norman Ornstein bring the story forward, examining the 2012 presidential campaign and exploring the prospects of a less dysfunctional government. As provocative and controversial as ever, *It's Even Worse Than It Looks* will continue to set the terms of our political debate in the years to come.

**The Struggle for Democracy** Routledge  
Public disenchantment with and distrust of American government is at an all-time high and who can blame them? In the face of widespread challenges—everything from record levels of personal and national debt and the sky high cost of education, to gun violence, racial discrimination, an immigration crisis, overpriced pharmaceuticals, and much more—the government seems paralyzed and unable to act, the most recent example being Covid-19. It’s the deadliest pandemic in over a century. In addition to an unimaginable sick and death toll, it has left more than thirty million Americans unemployed. Despite this, Washington let the first round of supplemental unemployment benefits run out and for more than a month were unable to agree on a bill to help those suffering. This book explains why we are in this situation, why the government is unable to respond to key challenges, and what we can do to right the ship. It requires that readers “upstream,” stop blaming the individuals in office and instead look at the root cause of the problem. The real culprit is the system; it was designed to protect liberty

and structured accordingly. As a result, however, it has left us with a government that is not responsive, largely unaccountable, and often ineffective. This is not an accident; it is by design. Changing the way our government operates requires rethinking its primary goal(s) and then restructuring to meet them. To this end, this book offers specific reform proposals to restructure the government and in the process make it more accountable, effective, and responsive.

*Power and Purpose* Routledge

The United States has two separate banking systems today—one serving the well-to-do and another exploiting everyone else. How the Other Half Banks contributes to the growing conversation on American inequality by highlighting one of its prime causes: unequal credit. Mehrsa Baradaran examines how a significant portion of the population, deserted by banks, is forced to wander through a Wild West of payday lenders and check-cashing services to cover emergency expenses and pay for necessities—all thanks to deregulation that began in the 1970s and continues decades later. “Baradaran argues

persuasively that the banking industry, fattened on public subsidies (including too-big-to-fail bailouts), owes low-income families a better deal...How the Other Half Banks is well researched and clearly written...The bankers who fully understand the system are heavily invested in it. Books like this are written for the rest of us.” —Nancy Folbre, New York Times Book Review “How the Other Half Banks tells an important story, one in which we have allowed the profit motives of banks to trump the public interest.” —Lisa J. Servon, American Prospect

**The Struggle for Democracy** St. Martin's Press

REVEL™ for The Struggle for Democracy offers students the tools they need to critically analyze our political system and make judgments about how well our government works. Taking a fresh approach to common American government topics, authors Edward Greenberg and Benjamin Page provide an analytical framework for understanding how politics and government work, and encourage students to consider the questions “How democratic are we?” and “Can government do anything well?” In

order to boost student engagement with key concepts, REVEL for the 2014 Elections and Updates Edition incorporates coverage of contemporary issues that dominate today's headlines, as well as the most up-to-date data. REVEL is Pearson's newest way of delivering our respected content. Fully digital and highly engaging, REVEL offers an immersive learning experience designed for the way today's students read, think, and learn. Enlivening course content with media interactives and assessments, REVEL empowers educators to increase engagement with the course, and to better connect with students. NOTE: REVEL is a fully digital delivery of Pearson content. This ISBN is for the standalone REVEL access card. In addition to this access card, you will need a course invite link, provided by your instructor, to register for and use REVEL. *American Democracy in Crisis* Longman Publishing Group  
For courses in American Government See who gets what, when and how, in American politics Revel(TM) Politics in America introduces students to the political struggles that drive democracy, examining the participants, the stakes, the

processes, and the institutional arenas that comprise the power game of American politics. This pragmatic text is built around power and elite-mass conflict, and written from a centrist perspective. Using one of the classic definitions of politics -- "who gets what, when and how" -- as their unifying framework, authors Keith Gaddie and Thomas Dye focus on conflict and controversy, challenging students to think and talk about hot-button issues as they learn the basics of American government. The 2018 Elections and Updates Edition offers new narrative coverage of the major issues from today's headlines including the 2018 midterm elections, recent policy under the Trump administration, and the nomination of Brett Kavanaugh to the Supreme Court. Revel is Pearson's newest way of delivering our respected content. Fully digital and highly engaging, Revel replaces the textbook and gives students everything they need for the course. Informed by extensive research on how people read, think, and learn, Revel is an interactive learning environment that enables students to read, practice, and study in one continuous experience -- for

less than the cost of a traditional textbook. NOTE: Revel is a fully digital delivery of Pearson content. This ISBN is for the standalone Revel access card. In addition to this access card, you will need a course invite link, provided by your instructor, to register for and use Revel. The People's Constitution CQ Press  
*American Government 2e* is designed to meet the scope and sequence requirements of the single-semester American Government course. This title includes innovative features designed to enhance student learning, including Insider Perspective features and a Get Connected module that shows students how they can get engaged in the political process. The book provides an important opportunity for students to learn the core concepts of American Government and understand how those concepts apply to their lives and the world around them. 2018 Elections and Updates Edition Harvard University Press  
*American Constitutional Law, Volume II* provides a comprehensive account of the nation's defining document, examining how its provisions were originally understood by those who drafted and

ratified it, and how they have since been interpreted by the Supreme Court, Congress, the President, lower federal courts, and state judiciaries. Clear and accessible chapter introductions and a careful balance between classic and recent cases provide students with a sense of how the law has been understood and construed over the years. The Tenth Edition has been fully revised to include twelve new cases, including key decisions *Obergefell v. Hodges*, *Burwell v. Hobby Lobby Stores*, *Shelby County v. Holder*, *Horne v. Department of Agriculture*, and *Riley v. California*. A revamped and expanded companion website offers access to even more additional cases, an archive of primary documents, and links to online resources, making this text essential for any constitutional law course. [We the People](#) McGraw-Hill Education Following one of the most contentious and truth-challenged presidential administrations and elections in U.S. history, there has never been a greater need for an American government text like this—evidence-based, critically thoughtful, and contemporary in tone and touch. This text teaches students to think analytically

by presenting current political science theories and research in answering the engaging, big questions facing American politics today. It serves as an introduction to the discipline—covering the Constitution, political behavior, formal and informal institutions, and public policy—by reflecting the theoretical developments and types of empirical inquiry conducted by researchers. For introductory courses in American government, this text covers theory and methods as well. New to the Fourth Edition Provides 2020 election data updates throughout and examines policy implications of the ensuing changes in election laws across the country. Recaps controversial Trump administration policies and looks into the Biden administration's early days. Offers strategic updates on the Covid-19 pandemic and the resulting economic crisis both in terms of questions of federalism as well as public policy. Considers the rise of new interest groups and social movements as well as the reckoning with racial injustice. Examines contemporary questions of social justice in light of civil rights and liberties as well as in terms of policy. Covers the death of

Supreme Court Justice Ruth Bader Ginsberg, the battle to confirm her replacement, the addition of Justice Coney Barrett, and the policy implications of the shift in the ideological balance of the Court. For the fourth edition, a new co-author comes to the book with award-winning experience in diversity and teacher education as well as research interests in the presidency, women and politics, and foreign policy.

*American Government in Black and White*  
Routledge

In today's climate of hyper-partisanship, blurred lines between political news, analysis, and entertainment, and outrageous comments from the chattering classes, who better than Tom Patterson to provide students with the tools and context to make informed judgments and become skilled political thinkers? Patterson's *The American Democracy* has long been a best seller for American government courses due to its insightful, readable, and balanced portrayal of the American political system. The 11th edition continues this tradition of excellence while also introducing a new emphasis on political thinking at a time

when the partisan divide seemingly could not be wider and unbiased political information is often drowned out by other sources. With expertise in the areas of public opinion, the media, and elections among other areas, Tom Patterson is a voice you can trust to help develop your students critical thinking skills when it comes to politics and political science. As Patterson notes, “Political thinking takes place within the context of a person’s political interests and values, which can lead equally thoughtful individuals to reach opposing opinions on the same issue.” If you are looking for learning materials to help ensure your students leave your course among those “thoughtful individuals” that will carry the debate forward in measured and informed ways, *The American Democracy* is the right choice for you.

**The American Democracy** Yale University Press

Keeping the Republic gives students the power to examine the narrative of what’s going on in American politics, distinguish fact from fiction and balance from bias, and influence the message through informed citizenship. Keeping the Republic draws students into the study of American

politics, showing them how to think critically about "who gets what, and how" while exploring the twin themes of power and citizenship. Students are pushed to consider how and why institutions and rules determine who wins and who loses in American politics, and to be savvy consumers of political information. The thoroughly updated Eighth Edition considers how a major component of power is who controls the information, how it is assembled into narratives, and whether we come to recognize fact from fiction. Citizens now have unprecedented access to power – the ability to create and share their own narratives – while simultaneously being even more vulnerable to those trying to shape their views. The political landscape of today gives us new ways to keep the republic, and some high-tech ways to lose it. Throughout the text and its features, authors Christine Barbour and Gerald Wright show students how to effectively apply the critical thinking skills they develop to the political information they encounter every day. Students are challenged to deconstruct prevailing narratives and effectively harness the

political power of the information age for themselves. Up-to-date with 2018 election results and analysis, as well as the impact of recent Supreme Court rulings, shifting demographics, and emerging and continuing social movements, *Keeping the Republic, Eighth Edition* is a much-needed resource to help students make sense of politics in America today. Carefully condensed from the full version by authors Christine Barbour and Gerald Wright, *Keeping the Republic, Brief Edition* gives your students all the continuity and crucial content, in a more concise, value-oriented package. Praised for its balanced and up-to-the-minute coverage, this book focuses on the fundamentals?the constitutional, governmental, political, social, and economic structures and processes that are the core of American government. Coverage of policy and analysis as well as appendices is also included in this brief text.

**Political Development and**

**Institutional Change** Oxford University Press, USA

The American Democracy McGraw-Hill Education

**The Case for Multiparty Democracy in America** Penguin

Examines "a crucial American struggle: the drive to define and defend government based on 'the consent of the governed.' From the beginning, and at every step along the way, as Americans sought to right to vote, others have fought to stop them. This is the first book to trace the full story from the founders' debates to today's challenges: a wave of restrictive voting laws, partisan gerrymanders, the flood of campaign money unleashed by Citizens United"--Dust jacket flap.

**Exclusion, Exploitation, and the Threat to Democracy** Wadsworth Publishing Company

Address your American Government course needs of improved student performance, student engagement, and critical analysis skills with *American Democracy Now*, Texas Edition, 3e. Now available with *GinA*, a game in which students learn about American Government by doing, as well as McGraw-

Hill's *LearnSmart*, an adaptive questioning tool proven to increase content comprehension and improve student results. *2014 Election Edition* W. W. Norton  
How policies forged after September 11 were weaponized under Trump and turned on American democracy itself In the wake of the September 11 terror attacks, the American government implemented a wave of overt policies to fight the nation's enemies. Unseen and undetected by the public, however, another set of tools were brought to bear on the domestic front. In this riveting book, one of today's leading experts on the US security state shows how these "subtle tools" imperiled the very foundations of democracy, from the separation of powers and transparency in government to adherence to the Constitution. Taking readers from Ground Zero to the Capitol insurrection, Karen

Greenberg describes the subtle tools that were forged under George W. Bush in the name of security: imprecise language, bureaucratic confusion, secrecy, and the bypassing of procedural and legal norms. While the power and legacy of these tools lasted into the Obama years, reliance on them increased exponentially in the Trump era, both in the fight against terrorism abroad and in battles closer to home. Greenberg discusses how the Trump administration weaponized these tools to separate families at the border, suppress Black Lives Matter protests, and attempt to overturn the 2020 presidential election. Revealing the deeper consequences of the war on terror, *Subtle Tools* paints a troubling portrait of an increasingly undemocratic America where disinformation, xenophobia, and disdain for the law became the new norm, and where the subtle tools of national security

threatened democracy itself.

*The Struggle for Democracy* Longman Publishing Group

The best text for teaching students to think analytically about American politics. *It's Even Worse Than It Looks* McGraw-Hill Education

"Mass Media and American Politics is the most comprehensive and best book for political communication. This text has made it easy for my students to learn about research and theory related to political journalism and the political communication system in America. It has great utility and insight while being comprehensive but not overwhelming for students." —Jason Martin, DePaul University Known for its readable introduction to the literature and theory of the field, *Mass Media and American Politics* is a trusted, comprehensive look at media's impact on attitudes, behavior, elections, politics, and policymaking. This

Tenth Edition is thoroughly updated to reflect major structural changes that have shaken the world of political news and examines the impact of the changing media landscape. It includes timely examples from the 2016 election cycle to illustrate the significance of these changes. This classic text balances comprehensive coverage and cutting-edge theory, shows students how the media influence governmental institutions and the communication strategies of political elites, and illustrates how the government shapes the way the media disseminate information. Written by Doris A. Graber—a scholar who has played an enormous role in establishing and shaping the field of mass media and American politics—and Johanna Dunaway, this book sets the standard.
