Messy, raw, and real aren't the words most of us use when we say what's good about our churches. But what if they were? Author Lee Schott found out, serving a beautiful church inside the Iowa women's prison. A lifelong church person, she discovered more church, and greater

faithfulness, in this most unlikely setting, with room for people the church has often overlooked. She shares the lessons she has learned there, with the hope that church leaders outside of prison might be inspired, equipped, and encouraged to loosen the fetters that keep our churches so closed off. We'll explore church characterized by honest relationship, protection of the vulnerable, radical welcome, and healthy boundaries. Practical application for the local church context and discussion questions for group study are included throughout.

She was perfectly flawed and everything that I needed. Attraction bordered on obsession. Passion bordered on ecstasy. Addiction bordered on insanity. Nothing could get in the way of our love. Nothing...

The cross of Christ has long been a historic and revered religious icon as well as a divine dividing line within humanity. The powerful Pure Flix film *Do You Believe?* ushers the timeless question of the meaning of the cross to a deeply personal place: What does it mean to me? Is it only a symbol or truly salvation? The *Do You Believe? Devotional* is a 40-day journey centered around the eternal evidence and powerful proof of the great love of God with the sacrifice offered for humanity associated with only One, His Son, Jesus Christ. In the film, a challenging question is brought before our politically correct culture: If you were accused of being a Christian, would there be enough evidence to convict you? Regardless of your own answer to such a question, or the place in life you may find yourself, these 40 days can be an investment into your future and more importantly, your eternity as you pursue a deeper level of faith for yourself. The *Do You Believe? Devotional* book is a daily walk through the word of God with inspiring quotes from the film. It offers a respite from the rush of life and the peace and hope made available only through the

cross.

Deeper Than the Scars Createspace Independent Publishing Platform Brotherhood is what Bull bleeds and all that he knows. Being the king of *The Devil's Dust* and surrounded by easy women was his everyday... until having his heart broke rooted him to the bottom of a whiskey bottle. Heartbroken, and drowning in lost memories he's unsure of the direction of his life, when the answer - consisting of a terrified Mexican girl- nearly knocks him off his feet. Determined to get his act together and rectify his club, he rides to Texas for answers, only to be confronted with the emotional ghosts he

isn't ready to deal with. He sees Anahi, and he wants her. But she may come with more baggage than Bull is ready for. Anahi used to be prim and proper. She used to wear dresses and keep up appearances to impress people she didn't know. I guess you could say she was a fucking lady. But that was when she lived in Mexico with her parents. Before her uncle turned on her. Before, the only man she ever loved, her step-brother, betrayed her. Before she was forced to be a drug mule for the Cartel. Evening gowns a lost memory, expensive heels traded for boots, and a nine millimeter in her hand instead of a limited edition purse. Anahi sets aside everything she's ever known including the fairytale stories her mother told her about America. She's angry, determined, and looking for a way out.

Falling in love is easy. Falling out of love is the hardest thing in the world. And Elin and Ty Whitt are terrible at it. The first time the local basketball star smiled at Elin, she was a goner. It was just so damn easy to fall for the dark-haired hometown hero with his charming smile and strong, athletic build. Thousands of sleepy smiles,

aimless drives down country roads, and squeaks of the backdoor after a swing shift later, reality hits. And it hits hard. Falling in love was definitely the easy part. Watching it break apart was impossible. Through the tears, the second-guesses, the memories of a life built together, the world keeps spinning. With each turn comes clarity and hope-sometimes in the form of a pair of muddy boots by the back door or from the words of a wise friend. When Ty shows back up with a new found determination to put his family back together, Elin's torn between the fights of the past and the possibility of a new start. This is the man that holds her heart, the man she loves beyond anything else. But this is also the one person in the world that can cause her the most pain. Life's not always easy. Love's not for the faint of heart. But with life comes lessons and Ty and Elin have the scars to prove it. But it's their love written in those scars that will hold them together ... or break them apart.

White Tears/Brown Scars Catapult The growing disconnect between the instructions of Jesus and the actions of his followers has caused a rift. Instead of reaching out beyond our walls, we hold tight to traditions that seem outdated. Instead of exploring other faith perspectives, we shake a judgmental fist at a secular society. Instead of engaging culture in their questions about what our lives should be like, we talk as if God only cares about the next life. As a result, our witness has become as divisive as sin itself. This book is a call to restore the trust that we have lost in our relationships

with each other and with God. Expounding on stories from the Bible, history, culture, and his own experiences, Fromholz explores the source of the disconnect and provides a blueprint for reconnection. A snowball fight between soldiers and students demonstrates that trust can overcome fear. The biblical story of Abraham and Sarai shows how restoring trust can restore faith in God. The author's seventeen-year search for his father sends a powerful message: new trust brings a new future. Through authentic, honest, and challenging prose, Fromholz examines the power trust has in freedom, forgiveness, and reconciliation. Recognizing that we are part of this culture and life around us, Broken will inspire us to be who we were always created to be, connected and restored, so that we can find—and multiply—hope.

A look at how relationships can drive successful negotiation, from an award-winning faculty member at the Wharton School of Business. Contrary to conventional wisdom about what makes a good negotiator - namely, being aggressive and unemotional - in *Bring Yourself*, Taheripour offers a radically different perspective. In her own life, and in her more than 15 years of experience teaching negotiation, she's found that the

best negotiators are empathetic, curious, and present. The essence of bargaining isn't the transaction, but the conversation and human connection. It is when we bring our whole, authentic selves to the table that we can advocate for ourselves fearlessly and find creative solutions that benefit everyone. Taheripour has seen the power of this mindset shift firsthand. In her consulting, her classes at Wharton, and in her work teaching negotiation for the Goldman Sachs 10,000 Small Businesses program, her students and clients experience personal breakthroughs as they face the fears and false narratives that held them back. *Bring Yourself* explains how our pressure points, personal experience, and even our cultural expectations can become roadblocks to finding common ground, and it offers essential strategies to move beyond them and open our minds. Taheripour argues that regardless of our own perceived ability to negotiate, we must have the courage to engage because bargaining plays a crucial role in every aspect of our lives. We negotiate boundaries with our parents and partners, bedtimes with our kids, and even with ourselves every time

we make a pros and cons list to weigh a major decision. Negotiation is how we problem solve and how we find our voice. With eye-opening and empowering stories throughout, *Bring Yourself* helps readers gain the confidence they need to achieve their goals in work and in life. Timely and provocative, this paradigm-shifting book can transform our world and the way we work together.

A pathbreaking work for the next stage of the #MeToo movement, showing how we can address sexual harms with fairness to both victims and the accused, and exposing the sexism that shapes today's contentious debates about due process. Over the past few years, a remarkable number of sexual harassment victims have come forward with their stories, demanding consequences for their assailants and broad societal change. Each prominent allegation, however, has also set off a wave of questions – some posed in good faith, some distinctly not – about the rights of the accused. The national conversation has grown polarized, inflamed by a public narrative that wrongly presents feminism and fair process as warring interests. *Sexual Justice* is an intervention, pointing the way to common ground. Drawing on core principles of civil rights law, and the personal experiences of victims and the accused, Alexandra Brodsky details how schools, workplaces, and other institutions can – indeed, must – address sexual harms in ways fair to all. She shows why these allegations cannot be left to police and prosecutors alone, and outlines the key

principles of fair proceedings outside the courts. Brodsky explains how contemporary debates continue the long, sexist history of “rape exceptionalism,” in which sexual allegations are treated as uniquely suspect. And she calls on readers to resist the anti-feminist backlash that hijacks the rhetoric of due process to protect male impunity. Vivid and eye-opening, at once intellectually rigorous and profoundly empathetic, *Sexual Justice* clears up common misunderstandings about sexual harassment, traces the forgotten histories that underlie our current predicament, and illuminates the way to a more just world.
