A new exploration of the innovative features of Jane Austen's style.

Pride and Prejudice Penguin

In this detailed historical analysis of Jane Austen's fictional representation of the individual subject, Thompson argues that Austen's notions of private experience and public performance are neither natural nor eternal, but are peculiar to her period and that these notions are best understood in Georg Lukacs's terms of the objectification of social relations under capital. In Austen's language and in her descriptive technique, we can discern a recurrent pattern in which the fundamental elements of her fictional world, material things as well as emotions, are indicated but not described—they are briefly exposed and then withdrawn again from view. The "inner life" of characters in general is both presented and protected by a pattern of privacy. Austen's representational technique, her form of narrative, needs to be related to the social history of privacy. And, when combined with the the later discussions of changing concepts of language, character, and marriage, we can trace the development of some modern notions of individuality, interiority, intimacy, and romance. We see that despite Austen's self-conscious political, moral, and religious conservatism, and despite her class identification with the gentry and their sentiments of noblesse oblige, the way in which Austen's heroine defines herself in relation to all categories of existence is inevitably determined by the alienating effects of capital, under which social relations and practices are externalized and objectified and from which, consequently, the individual is alienated. Elizabeth Bennet and Emma Woodhouse as characters embody the interrelation between economic, political, and social changes and their private or domestic consequences. The author's concern is the relation between history and the individual subject and, moreover, the ways in which we have come to think in terms of just this sort of opposition. If "History is what hurts," as Fredric Jameson puts it, in

Austen's novels, love is what soothes, for private or domestic romance comes to function as the ideological negation of history, a refuge into a "natural" and "timeless" world of privacy and intimacy. Intimacy functions to efface the ideological contradiction between social responsibility and private withdrawal. Austen's achievement is to integrate the privatization of human relations into the appropriate vehicle, the courtship narrative or domestic love story.

Jane Austen and the English Landscape

[Persuasion](#) Cambridge University Press

In this book, Maggie Lane reveals the importance of place in Jane Austen's writings and follows her travels throughout Georgian England. Jane Austen strayed far from the confines of her native Hampshire and Bath to find new material for her novels from "Pride and Prejudice" to "Northanger Abbey". With an accurate eye she sketched acute, witty studies of society in Lyme Regis and Bristol, Devizes and Southampton, Brighton and Winchester. This illustrated text summons the beauties of the English landscape, recreating the distinctive backdrop for some of the finest novels in English literature.

[The Daily Jane Austen](#) Harvard University Press

It is a truth universally acknowledged, that a single man in possession of a good fortune, must be in want of a wife. So runs one of the most famous opening lines in English literature. Setting the scene in *Pride and Prejudice*, it deftly introduces the novel's core themes of marriage, money, and social convention, themes that continue to resonate with readers over 200 years later. Jane Austen wrote six of the best-loved novels in the English language, as well as a smaller corpus of unpublished works. Her books pioneered new techniques for representing voices, minds, and hearts in narrative prose, and, despite some accusations of a blinkered domestic and romantic focus, they represent the world of their characters with unsparing clarity. Here, Tom Keymer explores the major themes throughout Austen's novels, setting them in the literary, social, and political backgrounds from which they emerge, and showing how they engage with social tensions in an era dominated by the French Revolution and the Napoleonic Wars. The Jane Austen who emerges is a writer shaped by the literary experiments and socio-political debates of her time, increasingly drawn to a fundamentally conservative vision of social harmony, yet forever complicating this vision through her disruptive ironies and satirical energy.

[The Lost Books of Jane Austen](#) Cambridge University Press

Jane Austen's last completed novel, a brilliantly insightful story of regret, second chances, and the courage to follow our hearts Anne Elliot is twenty-seven and unmarried—by all accounts a spinster in her time—seemingly doomed to spend the rest of her life waiting on her image-obsessed father and extravagant older sister; attempting to maintain their once lavish, now dwindling family estate; and occasionally babysitting the children of her married younger sister. It wasn't always this way, though. When Anne was nineteen, she was in love with and engaged to Frederick Wentworth, a man with no money and few prospects. Anne's well-meaning family and friends convinced her that a young heiress like herself could do better, so she broke off the engagement. But when chance brings Wentworth and Anne together again eight years later, he is now an accomplished naval captain with an impressive fortune, and Anne must face her feelings for him that remain and consider how different her life

could have been if only she hadn't been so easily persuaded by others.

Jane Austen For Beginners Penguin

Pride and Prejudice follows the main character, Elizabeth Bennet, as she deals with issues of manners, upbringing, morality, education, and marriage in the society of the landed gentry of the British Regency. Elizabeth is the second of five daughters of a country gentleman, Mr. Bennet, living in Longbourn, in England in the late 18th century. *Pride and Prejudice* tells the story of Mr. and Mrs. Bennet's five unmarried daughters after two gentlemen have moved into their neighborhood: the rich and eligible Mr. Bingley, and his status-conscious friend, the even more rich and eligible Mr. Darcy. While Bingley takes an immediate liking to the eldest Bennet daughter, Jane, Darcy is disdainful of local society and repeatedly clashes with the Bennets' lively second daughter, Elizabeth.

The Great Tradition in English Literature from

Shakespeare to Jane Austen New York, Putnam

Analyzes each of Austen's novels, from *Northanger Abbey* to *Sandition*, describes her portrayal of society and education, and discusses her use of language

Daily Life in the Georgian and Regency Periods Routledge

This volume, first published in 2006, is a comprehensive scholarly edition of Jane Austen's innovative final novel.

Pleasure, Passion, and Possessiveness in the Jane Austen Community Penguin UK

Now in Penguin Classics Deluxe: a treasure trove of Jane Austen's novels Few novelists have conveyed the subtleties and nuances of their own social milieu with the wit and insight of Jane Austen. Here in one volume are her seven great novels: *Sense and Sensibility*, *Pride and Prejudice*, *Mansfield Park*, *Emma*, *Northanger Abbey*, *Persuasion*, and *Lady Susan*. Through her vivacious and spirited heroines and their circle, Austen vividly portrays English middle-class life as the eighteenth century came to a close and the nineteenth century began. Each of the novels is a love story and a story about marriage—marriage for love, for financial security, for social status. But they are not romances; ironic, comic, and wise, they are masterly evocations of the society Jane Austen observed. This beautiful volume covers the literary career of one of England's finest prose stylists of any century. • A Penguin Classics Deluxe Edition with French flaps and

luxurious packaging • Features the definitive Penguin Classics texts recommended by the Jane Austen Society • New introduction by bestselling author of *The Jane Austen Book Club* Karen Joy Fowler For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

The History of England Penguin English Library

It is a truth universally acknowledged that Jane Austen is eminently, delightfully, and delectably quotable. This truth goes far beyond the first line of *Pride and Prejudice*, which has muscled out many other excellent sentences. So many gems of wit and wisdom from her novels deserve to be better known, from *Northanger Abbey* on its lovable, naive heroine--"if adventures will not befall a young lady in her own village, she must seek them abroad"--to *Persuasion*'s moving lines of love from its regret-filled hero: "You pierce my soul. I am half agony, half hope. Tell me not that I am too late." Devoney Looser, a.k.a. Stone Cold Jane Austen, has drawn 378 genuine, Austen-authored passages from across the canon, resulting in an anthology that is compulsively readable and repeatable. Whether you approach the collection on a one-a-day model or in a satisfying binge read, you will emerge wiser about Austen, if not about life. The *Daily Jane Austen* will amuse and inspire skeptical beginners, Janeite experts, and every reader in between by showcasing some of the greatest sentences ever crafted in the history of fiction.

Jane Austen BoD – Books on Demand

Jane Austen was deeply inspired by the landscape and rural comforts of southern England. Her family's final move to Chawton, in the depths of the Hampshire countryside and so near the Steventon rectory of her childhood, gave her great satisfaction and led to her most creative period.

Jane Austen and the Picturesque Movement Simon and Schuster Thoroughly innovative and occasionally irreverent, this book will appeal in equal measure to book historians, Austen fans, and scholars of literary celebrity.

Jane Austen in Context Robert Hale Ltd

Despite dying in relative obscurity, Jane Austen has become a global force as different readers across time, space and media have responded to her work. This volume examines the ways in which her novels affect individual psychologies and how Janeites experience her work, from visiting her home to public re-enactments to films based on her writings.

Jane Austen, Her Aims and Methods Cambridge University Press

A lively illustrated collection of short essays on a wide range of aspects of Austen's life, work and times.

From Fox Hunting to Whist-the Facts of Daily Life in Nineteenth-Century England Johns Hopkins University Press

Few centuries have seen greater changes in social perspective and guiding ideas than the eighteenth century; literature in every Western country was a powerful instrument not only in recording these changes but in bringing them about. In England, the rise and development of a new literary form – the novel – graphically mirrors that great transition in social ideology, often with rare entertainment. Originally published in 1965, in the words of Professor Steeves: 'This volume is to deal with the years in which the novel was still an experiment. At the beginning of the eighteenth century there was no novel. By the end, novels of every description were being published, not in dozens, but in hundreds. The badness of the product was universally recognized, but perhaps fifty had emerged out of the ruck of mediocrity, some tolerable, some good, and some great.' The author tells us that it is the province of the novel 'to deal with what seems to be real people, in situations which have the tang of the life of the time and which pose significant problems related to that life.' He examines the changing view of the social scene in the works of the great novelists of the period – Defoe, Richardson, Fielding, Smollett, and Sterne – and in the less familiar but still significant novels of others from the time. The discussion ends with Austen because she comes 'exactly at the end of a century highly important in intellectual and cultural history, and at the beginning of another century equally epoch-making.... Miss Austen can properly be called the first modern English novelist, the earliest to be read with the feeling that she depicts our life, and not a life placed back somewhere in history, or off somewhere in imagined space'.

The Novels of Jane Austen London : Deutsch

An authoritative account of everyday life in Regency England, the

backdrop of Austen's beloved novels, from the authors of the forthcoming *Gibraltar: The Greatest Siege in British History* (March 2018) Nearly two centuries after her death, Jane Austen remains the most cherished of all novelists in the English language, incomparable in the wit, warmth, and insight with which she depicts her characters and life. Yet the milieu Austen presents is only one aspect of the England in which she lived, a time of war, unrest, and dramatic changes in the country's physical and social landscape. Jane Austen's England offers a fascinating new view of the great novelist's time, in a wide-ranging and richly detailed social history of English culture. As in their bestselling book *Nelson's Trafalgar*, Roy and Lesley Adkins have drawn upon a wide array of contemporary sources to chart the daily lives of both the gentry and the commoners, providing a vivid cultural snapshot of not only how people worked and played, but how they struggled to survive.

Global Jane Austen University of Delaware Press

Jane Austen (16 December 1775 - 18 July 1817) was an English novelist known primarily for her six major novels, which interpret, critique and comment upon the British landed gentry at the end of the 18th century. Austen's plots often explore the dependence of women on marriage in the pursuit of favourable social standing and economic security. Her works critique the novels of sensibility of the second half of the 18th century and are part of the transition to 19th-century literary realism. Her use of biting irony, along with her realism and social commentary, have earned her acclaim among critics and scholars. With the publications of "Sense and Sensibility" (1811), "Pride and Prejudice" (1813), "Mansfield Park" (1814) and "Emma" (1816), she achieved success as a published writer. She wrote two additional novels, "Northanger Abbey" and "Persuasion", both published posthumously in 1818, and began another, eventually titled "Sanditon", but died before its completion. She also left behind

three volumes of juvenile writings in manuscript and another unfinished novel, "The Watsons". Her six full-length novels have rarely been out of print, although they were published anonymously and brought her moderate success and little fame during her lifetime. A significant transition in her posthumous reputation occurred in 1833, when her novels were republished in Richard Bentley's Standard Novels series, illustrated by Ferdinand Pickering, and sold as a set. They gradually gained wider acclaim and popular readership. In 1869, fifty-two years after her death, her nephew's publication of "A Memoir of Jane Austen" introduced a compelling version of her writing career and supposedly uneventful life to an eager audience. Austen has inspired a large number of critical essays and literary anthologies. Her novels have inspired many films, from 1940's "Pride and Prejudice" to more recent productions like "Sense and Sensibility" (1995) and "Love & Friendship" (2016).
