ANNABEL ISRAEL

1 X 1 Penguin

Este livro traz pensamentos e reflexões sobre relacionamentos pessoais e profissionais, liderança, planejamento pessoal e percepções do dia-a-dia que fazem com que possamos olhar a vida por um outro ângulo. Ninguém é feliz sozinho. Ninguém consegue o sucesso apenas e tão somente por si só. É hora de fazer acontecer.

O mercado do livro didático no Brasil do

século XXI Universo dos Livros Editora
"This is the story of my childhood in Brazil, about the culture shock I experienced when I arrived in the forests of northern Sweden and about the loss of the people I loved most. It's about what I remember of my childhood in the Brazilian wilderness, on the streets of São Paulo, in the orphanage. And it's about my early days in Sweden, when I found myself dropped into a place and life that couldn't have been in sharper contrast to what I had known"--Back jacket.

Conflitos Na Psique Clube de Autores

"No president since the founders has done more to shape the character of American government," notes Alan Brinkley in this magnificent biography of America's thirty-second president. "And no president since Lincoln has served through darker or more difficult times. Roosevelt thrived in crisis. It brought out his greatness, and his guile. It triggered his almost uncanny ability to communicate effectively with people of all kinds. And at times, it helped him excoriate his enemies, and to revel in doing so." This brilliant, compact biography chronicles Franklin Delano Roosevelt's rise from a childhood of privilege to a presidency that forever changed the face of international diplomacy, the American party system, and the government's role in global and

domestic policy. Brinkley, the National Book Award-winning New Deal historian, provides a clear, concise introduction to Roosevelt's sphinx-like character and remarkable achievements. In a vivid narrative packed with telling anecdotes, the book moves swiftly from Roosevelt's youth in upstate New York--characterized by an aristocratic lifestyle of trips to Europe and private tutoring--to his schooling at Harvard, his brief law career, and his initial entry into politics. From there, Brinkley chronicles Roosevelt's rise to the presidency, a position in which FDR remained until death, through an unparalleled three-plus terms in office. Throughout the book, Brinkley elegantly blends FDR's personal life with his professional one, providing a lens into the President's

struggles with polio and his somewhat distant relationship with the first lady. Franklin Delano Roosevelt led the United States through the worst economic crisis in the nation's history and through the greatest and most terrible war ever recorded. His extraordinary legacy remains alive in our own troubled new century as a reminder of what bravery and strong leadership can accomplish. Chefe Zero - Agite-se depois de usar Little, Brown

WHO DO YOU LOVE? One question, a split-second decision, and Brian Darby lies dead on the kitchen floor. His wife, state police trooper Tessa Leoni, claims to have shot him in self-defense, and bears the bruises to back up her tale. For veteran detective D. D. Warren it should be an open-and-shut case. But where is

their six-year-old daughter? AND HOW FAR WOULD YOU GO . . . As the homicide investigation ratchets into a frantic statewide search for a missing child, D. D. Warren must partner with former lover Bobby Dodge to break through the blue wall of police brotherhood, seeking to understand the inner workings of a trooper's mind while also unearthing family secrets. Would a trained police officer truly shoot her own husband? And would a mother harm her own child? . . . TO SAVE HER? For Tessa Leoni, the worst has not yet happened. She is walking a tightrope, with nowhere to turn, no one to trust, as the clock ticks down to a terrifying deadline. She has one goal in sight, and she will use every ounce of her training, every trick at her disposal, to do what must be done. No sacrifice is

too great, no action unthinkable. A mother knows who she loves. And all others will be made to pay. Love you more . . .

Multiple Intelligences Around the World
Editora UNESP

Adquirindo e lendo este livro você vai aprender: Estimular e motivar uma equipe. Desenvolver um bom relacionamento entre as pessoas de sua organização. manter clientes. Aprender a liderar, a se comunicar com habilidade e relacionar-se bem com os outros.

The Witch Who Cried Wolf St Martins Press

Deepak Chopra has discovered the delights—and frustrations—of golf, and he is passionate about the game. Confronted by the wild ups and downs of his own play, he consulted with golf professionals and developed a new approach to the game that any golfer can follow—from the novice to the expert. The results can be measured not only in increased enjoyment and skill, but also in greater wisdom about life beyond the 18th hole. Chopra's own game has improved dramatically since incorporating the elements of his program. Instead of focusing on the

mechanics of a “perfect” swing, Chopra reveals how golf can be mastered through mindfulness, a form of awareness that combines sharp focus and relaxation at the same time. Expanded awareness, he tells us, can accomplish much more than external mechanics to improve one’s game. But *Golf for Enlightenment* is also an engrossing story about Adam, an Everyman who is playing a terrible round of golf when he meets a mysterious young teaching pro named Leela. In seven short but profound lessons detailing spiritual strategies, she teaches Adam the essence of a game that has much to explain about life itself. Chopra has spent the last year taking the unique message in *Golf for Enlightenment* nationwide, teaching the essential tenets

of his program at lectures and seminars to golfers everywhere. His message continues to help players turn an obsession into a positive life path. Migraines McGraw Hill Professional The instant New York Times and Wall Street Journal bestseller A groundbreaking plan to prevent and reverse Alzheimer’s Disease that fundamentally changes how we understand cognitive decline. Everyone knows someone who has survived cancer, but until now no one knows anyone who has survived Alzheimer’s Disease. In this paradigm shifting book, Dale Bredesen, MD, offers real hope to anyone looking to prevent and even reverse Alzheimer’s Disease and cognitive decline. Revealing that AD is not one condition, as it is currently

treated, but three, *The End of Alzheimer's* outlines 36 metabolic factors (micronutrients, hormone levels, sleep) that can trigger "downsizing" in the brain. The protocol shows us how to rebalance these factors using lifestyle modifications like taking B12, eliminating gluten, or improving oral hygiene. The results are impressive. Of the first ten patients on the protocol, nine displayed significant improvement with 3-6 months; since then the protocol has yielded similar results with hundreds more. Now, *The End of Alzheimer's* brings new hope to a broad audience of patients, caregivers, physicians, and treatment centers with a fascinating look inside the science and a complete step-by-step plan that fundamentally changes how we treat and even think about AD.

Four Seasons Clube de Autores

Este livro foi uma resposta a uma pergunta que me fiz várias vezes: Porque me destaquei entre pessoas mais inteligentes, com nível de estudo maior, com condições financeiras e sociais melhores? Como me destaquei enquanto era colaborador em algumas instituições onde trabalhei e depois com minha empresa em um mercado concorrido e difícil, cheio de grandes empresas? Desta resposta nasceu este livro e eu sinceramente acredito que se você praticar o que ele relata se destacará em sua carreira ou negócio, em um tempo bem menor que o que você já levou para chegar à posição onde se encontra neste momento.

Make Your Ideal Life Come True Clube de Autores

Alberto Dellisola: O Homem-memória brasileiro, detentor de dois recordes latino-americanos de memorização Neste Audiolivro, ele revela seus segredos e apresenta uma série de técnicas e exercícios que vão lhe ajudar a aprimorar de forma significativa sua capacidade cognitiva. - Conquer the life you have always wanted in six months
- Increase your financial and professional skills

There is no other option. Rewriting your

future is in your hands.

The Story of a Business Philosophy

Dundurn

A complete guide on how to treat and prevent migraines. Though often viewed as a “women’s ailment,” migraines affect nearly 15 percent of the world’s population. In addition to the effect migraines have on the sufferers’ quality of life, they also carry an economic cost, felt especially in the form of lost work time. But by recognizing the problem and taking necessary action, migraine sufferers today can take back control of their lives. This comprehensive, easy-to-read guide to migraine management answers all the most pressing questions of sufferers and those concerned for their health. Clinical neurologist Dr. Elizabeth Leroux explains what can

predispose a person to experiencing migraines, what can trigger them, their phases, and the three recommended lines of treatment: lifestyle changes, crisis management, and preventative therapy. Emphasizing the need for good doctor-patient communication in a field where misunderstanding and frustration is too-often the norm, this book is as much a tool for health care professionals as it is for migraine sufferers and their families.

Mentes Fantásticas Universo dos Livros Editora

Aprenda de uma vez por todas a dominar sua memória e a otimizar toda a capacidade do seu cérebro com o campeão brasileiro de memorização Alberto Dell’Isola! Você já deve ter se perguntado como funciona a mente de

pessoas inovadoras — aquelas que utilizam a memória e a criatividade para pensar em ideias geniais, criar e provocar situações que transformam o mundo ao seu redor. Então, será que o segredo do sucesso pode ser resumido em ser criativo? Mas, afinal, a criatividade se aprende? Neste livro, você encontrará essas respostas e entenderá que qualquer pessoa é capaz de realizar incríveis demonstrações de domínio da memória e, conseqüentemente, ser mais criativa e inovadora. Domine as técnicas profissionais para desenvolver todo o potencial do seu cérebro e impressione a todos com suas novas ideias! Conteúdos da obra: · Mente criativa: como ampliar e estimular a criatividade · Estratégias mnemônicas e o fenômeno da

reminiscência · Como eliminar bloqueios e lidar com a rejeição · Como fazer um brainstorming eficaz · Construção de mapas mentais · Elaboração de projetos vencedores · Criação de redações com boas ideias · Aumento da produtividade em reuniões · Criação de apresentações profissionais · Como impressionar seu chefe · Leitura dinâmica · Como se lembrar de tudo o que lê

How to Connect in Business in 90 Seconds Or Less Editora Gente

No novo livro de Alberto Dell'Isola, mesmo autor de *Mentes Brilhantes e Mentes Geniais*, você vai descobrir que é possível utilizar induções simples e inovadoras para alcançar os objetivos que tanto almeja, sejam eles aumentar a capacidade do seu cérebro, superar as adversidades, ler mentes, detectar

mentiras ou ainda no tratamento contra a insônia ou o vício em cigarro. Com uma linguagem simples e trazendo rotinas e diretrizes para quem deseja praticar a hipnose, a auto-hipnose e o mentalismo, você descobrirá seus usos no dia a dia e porque sua mente é sua melhor aliada rumo ao sucesso.

Destaque para: - Como tomar decisões acertadas. - Como aumentar a criatividade. - Os princípios da linguagem hipnótica. - As 5 formas de reprogramar a sua mente. - Os sinais indicadores da mentira. - Como reconhecer as armadilhas do pensamento. - Como emagrecer de uma vez por todas.

"Cultures are like chemical elements.

You can mix two of them, and you might get something useful like water or table salt. But you might also blow up the kitchen." —Thomas Armstrong from *Multiple Intelligences Around the World*

Multiple intelligences (MI) theory has been introduced and implemented successfully in numerous countries around the world. This is the first collection to review, synthesize, and reflect on this unique cross-cultural and educational phenomenon. Through this synthesis and reflection, the book's authors provide a fresh and fuller understanding of MI theory. In addition, they develop more specific knowledge about why MI theory has been welcomed in so many countries, how its use can be appropriate in diverse cultures, and what has supported and fueled travel of the MI

meme.

The 17 Principles of Personal

Achievement Instituto Hercílio Maes

O que é a consciência? Podemos cientificamente dar uma conclusão coerente? Por que as pessoas sofrem por coisas que elas desconhecem na sua essência? Saiba como mudar a percepção de toda realidade atual e consequentemente viver melhor. Conheça um tratamento eficaz sem efeitos secundários e que potencializarão uma nova forma de olhar para o mundo, sem milagres, sem dinheiro. O livro aborda essas questões e não tem como cunho desmistificar tratamento algum, mas, vem como a base sólida, aparente e coerente, vem para somar. Pois, ele fará com que você dê luz a este ser capaz de superar

qualquer conflito que é “você” a causa do bem e do mal.
