Why should we listen to celebrities like Bono or Angelina Jolie when they endorse a politician or take a position on an issue? Do we listen to them? Despite their lack of public policy experience, celebrities are certainly everywhere in the media, appealing on behalf of the oppressed, advocating policy change—even, in one spectacular case, leading the birther movement all the way to the White House. In this book Mark Harvey takes a close look into the phenomenon of celebrity advocacy in an attempt to determine the nature of celebrity influence, and the source and extent of its power. Focusing on two specific kinds of power—the ability to "spotlight" issues in the media and to persuade audiences—Harvey searches out the sources of celebrity influence and compares them directly to the sources of politicians' influence. In a number of case studies—such as Jolie and Ben Affleck drawing media attention to the civil war in the Democratic Republic of Congo; Bob Marley uniting warring factions in Jamaica; John Lennon networking with the new left to oppose Richard Nixon's re-election; Elvis Presley working with Nixon to counter anti-war activism—he details the role of celebrities working with advocacy groups and lobbying politicians to affect public opinion and influence policy. A series of psychological experiments demonstrate that celebrities can persuade people to accept their policy positions, even on national security issues. Harvey's analysis of news sources reveals that when celebrities speak about issues of public importance, they get disproportionately more coverage than politicians. Further, his reading of surveys tells us that people find politicians no more or less credible than celebrities—except politicians from the opposing party, who are judged less credible. At a time when the distinctions between politicians and celebrities are increasingly blurred, the insights into celebrity influence presented in this volume are as relevant as they are compelling.

Rutgers University Press

This book seeks to interrogate the representation of Black women in television. Cheers explores how the increase of Black women in media ownership and creative executive roles (producers, showrunners, directors and writers) in the last 30 years affected the fundamental cultural shift in Black women's representation on television, which in turn parallels the political, social, economic and cultural advancements of Black women in America from 1950 to 2016. She also examines Black women as a diverse television audience, discussing how they interact and respond to the constantly evolving television representation of their image and likeness, looking specifically at how social media is used as a tool of audience engagement.

This carefully crafted ebook is formatted for your eReader with a functional and detailed table of contents. The sixth season of the fantasy drama television series Game of Thrones premiered on HBO on April 24, 2016, and concluded on June 26, 2016. It consists of ten episodes, each of approximately 50-60 minutes, largely of original content not found in George R. R. Martin's A Song of Ice and Fire series. Some material is adapted from the upcoming sixth novel The Winds of Winter and the fourth and fifth novels, A Feast for Crows and A Dance with Dragons. The series was adapted for television by David Benioff and D. B. Weiss. HBO ordered the season on April 8, 2014, together with the fifth season, which began filming in July 2015 primarily in Northern Ireland, Spain, Croatia, Iceland and Canada. Each episode cost over \$10 million. This book has been derived from Wikipedia: it contains the entire text of the title Wikipedia article + the entire text of all the 593 related (linked) Wikipedia articles to the title article. This book does not contain illustrations. e-Pedia (an imprint of e-artnow) charges for the convenience service of formatting these e-books for your eReader. We donate a part of our net income after taxes to the Wikimedia Foundation from the sales of all books based on Wikipedia content.
The World Almanac and Book of Facts 2018 Bloomsbury Publishing USA
A fascinating insight into notable speeches that were never

delivered, showing what could have been if history had gone down a different path. For almost every delivered speech, there exists an undelivered opposite. These "second speeches" provide alternative histories of what could have been if not for schedule changes, changes of heart, or momentous turns of events. In *Undelivered*, political speechwriter Jeff Nussbaum presents the most notable speeches the public never heard, from Dwight Eisenhower's apology for a D-Day failure to Richard Nixon's refusal to resign the presidency, and even Hillary Clinton's acceptance for a 2016 victory—the latter never seen until now. Examining the content of these speeches and the context of the historic moments that almost came to be, Nussbaum considers not only what they tell us about the past but also what they can inform us about our present.

Hailee Steinfeld (born December 11, 1996) is an American actress, fashion model and singer. She has been nominated for numerous accolades, including one Academy Award, one Golden Globe Award, one BAFTA Award, and four Critics Choice Awards, winning one for Best Young Performer. She made her breakthrough as Mattie Ross in *True Grit* (2010), for which she was nominated for numerous accolades, including the Academy Award for Best Supporting Actress. Thereafter, Steinfeld gained prominence for roles in *Ender's Game* (2013), *Romeo & Juliet* (2013), *Begin Again* (2013), and *3 Days to Kill* (2014). She appeared as Emily Junk in *Pitch Perfect 2* (2015) and *Pitch Perfect 3* (2017), and received a Golden Globe Award nomination for Best Actress - Motion Picture Comedy or Musical for her portrayal of Nadine Franklin in *The Edge of Seventeen* (2016).

Focus On: 100 Most Popular American Satirical Films Disha Publications

In light of the recent rise of right-wing populism in numerous political contexts and in the face of resurgent nationalism, racism, misogyny, homophobia, and demagoguery, this book investigates how historical and contemporary cultural producers have sought to resist, confront, confound, mock, or call out situations of political oppression in Germany, a country which has seen a dramatic range of political extremes during the past century. While the current turn to nationalist populism is global, it is perhaps most disturbing in Germany, given its history with its

stormy first democracy in the interwar Weimar Republic; its infamous National Socialist (Nazi) period of the 1930s and 1940s; and its split Cold-War existence, with Marxist-Leninist Totalitarianism in the German Democratic Republic and the Federal Republic of Germany's barely-hidden ties to the Nazi past. Equally important, Germans have long considered art and culture critical to constructions of national identity, which meant that they were frequently implicated in political action. This book therefore examines a range of work by artists from the early twentieth century to the present, work created in an array of contexts and media that demonstrates a wide range of possible resistance.

Including more than 300 alphabetically listed entries, this 2-volume set presents a timely and detailed overview of some of the most significant contributions women have made to American popular culture from the silent film era to the present day. The lives and accomplishments of women from various aspects of popular culture are examined, including women from film, television, music, fashion, and literature. In addition to profiles, the encyclopedia also includes chapters that provide a historical review of gender, domesticity, marriage, work, and inclusivity in popular culture as well as a chronology of key achievements. This reference work is an ideal introduction to the roles women have played, both in the spotlight and behind it, throughout the history of popular culture in America. From the stars of Hollywood's Golden Age to the chart toppers of the 2020s, author Laura L. Finley documents how attitudes towards these icons have evolved and how their influence has shifted throughout time. The entries

and essays also address such timely topics as feminism, the #MeToo movement, and the gender pay gap.

In 2017, she was awarded the Golden Lion for Lifetime Achievement at the 74th Venice Film Festival.

Celebrity Influence e-artnow sro

In Just Like Us: Digital Debates on Feminism and Fame, Caitlin E. Lawson examines the rise of celebrity feminism, its intersections with digital culture, and its complicated relationships with race, sexuality, capitalism, and misogyny. Through in-depth analyses of debates across social media and news platforms, Lawson maps the processes by which celebrity culture, digital platforms, and feminism transform one another. As she analyzes celebrity-centered stories ranging from "The Fappening" and the digital attack on actress Leslie Jones to stars' activism in response to #MeToo, Lawson demonstrates how celebrity culture functions as a hypervisible space in which networked publics confront white feminism, assert the value of productive anger in feminist politics, and seek remedies for women's vulnerabilities in digital spaces and beyond. Just Like Us asserts that, together, celebrity culture and digital platforms form a crucial discursive arena where postfeminist logics are unsettled, opening up more public, collective modes of holding individuals and groups accountable for their actions.
