**Shades of Pride and Prejudice** John  
Benjamins Publishing  
Your students are changing. Technology is  
changing. The idea of the “classroom” is  
changing. Now, the way your students  
learn French can change as well!  
Inspiration. Confidence. Authenticity. At  
McGraw-Hill, we have conducted  
thousands of hours of research into  
student and instructor behavior and

needs. Over and over, French instructors  
stressed they want their students to be  
inspired by classroom interactions and by  
the content of assigned materials. Only  
then can they experience language  
learning in ways that build confidence. A  
final desire is for students to engage with  
linguistically and culturally authentic  
materials. The intersection of these key  
themes provides the path to the ultimate  
goal that instructors share: a foundation in  
communicative competence. McGraw-Hill  
is proud to present En avant! a program  
that breaks the mold of traditional French  
programs. Its integrated approach to

authentic culture, individualized learning  
plans, and systematic recycling inspires  
students and gives them the confidence to  
develop their communicative competence  
in French.

The colorful charts, graphs, and maps  
presented at the 1900 Paris Exposition by  
famed sociologist and black rights activist  
W. E. B. Du Bois offered a view into the  
lives of black Americans, conveying a  
literal and figurative representation of "the  
color line." From advances in education to  
the lingering effects of slavery, these

prophetic infographics —beautiful in design and powerful in content—make visible a wide spectrum of black experience. W. E. B. Du Bois's Data Portraits collects the complete set of graphics in full color for the first time, making their insights and innovations available to a contemporary imagination. As Maria Popova wrote, these data portraits shaped how "Du Bois himself thought about sociology, informing the ideas with which he set the world ablaze three years later in *The Souls of Black Folk*."

#### **A Novel** Bold Type Books

This practical grammar book is the result of 16 years of teaching online to adults and young students located all over the world. I believe that French grammar should not be a stumbling block to learning the language and should not discourage learners of French to embrace the beautiful journey of becoming fluent. Hence, I felt that it was important to explain the grammar rules in English and in the simplest way possible without including too much grammar jargon, so that a beginner could grasp the essential elements of grammar to build sentences.

Every grammar point is followed with exercises to practice what has been taught. Whenever possible, the answers are included in the back of the book (some answers are open ended questions and therefore have no right or wrong answers). This grammar book is aimed to teach A1 levels (total beginners) to the B1 level (intermediate level). Perfect for self-study, but also ideal for supplementary grammar activities in the classroom. Step by step with a teacher or on their own, French learners can learn to construct their sentences and gain plenty of practice. *Select Material from En Avant!* Independently Published "Works of reference" at end of each chapter.

#### **In the Country of Others** Bloomsbury Publishing

While touring Pemberley, Elizabeth Bennet overhears something about Fitzwilliam Darcy that provokes a surge of jealousy. Fleeing her worst nightmare, she is caught in a storm. He searches his estate for the woman of his dreams. When he finds her in a folly identical to the one of his rejected proposal, passions ignite. Her anger and his fear for her health provoke

an unplanned revelation. Forbidden lust explodes in a secret cottage Mr Darcy has prepared for clandestine liaisons with the love of his life. It appears all misunderstandings are resolved with a betrothal—or are they? **WARNING** This is a sexually explicit telling of a 'Pride and Prejudice' what if.

#### **En avant: Beginning French with Workbook/Laboratory Manual** Franklin Classics

Get up and running with French Easy French Step-by-Step proves that a solid grounding in grammar basics is the key to mastering a second language. You are quickly introduced to grammatical rules and concepts in order of importance, which you can build on as you progress through the book. You will also learn more than 300 verbs, chosen by their frequency of use. Numerous exercises and engaging readings help you quickly build your speaking and comprehension prowess.

#### En Avant! Good Press

The third edition of *Vis-À-vis* continues the excitement of the innovative second edition with a fully integrated and revised multimedia package and updated cultural information presented in the

“Correspondance” feature (chapter opening letter, postcard, or e-mail, which is answered in the mid-lesson “Correspondance” cultural spread) and in the new “Bienvenue dans le monde francophone” feature that recurs after every four chapters in the text. The overall goal of the revision remains the same as that of the second edition: to promote a balanced four-skills approach to learning French through a wide variety of listening, speaking, reading, and writing activities, while introducing students to the richness and diversity of the Francophone world.

*Promenades* McGraw-Hill Education Vestiges of monolingual bias are present in the portrayal of study abroad as an idealized monolingual immersion experience and the steps many programs take to encourage or enforce target language monolingualism. In reality, study abroad is often inherently multilingual. This book addresses the need for a recognition of the multilingual realities of study abroad across a variety of traditional and non-traditional national contexts and target languages. The chapters examine multilingual socialization and

translanguaging with peers, local hosts and instructors; how the target language is necessarily entwined in global, local and historical contexts; and how students negotiate the use of local and global varieties of English. Together the chapters present a powerful argument for scholars and study abroad practitioners to consider and critically incorporate multilingual realities into their research and planning. *Beginning French* McGraw-Hill Education The mega-bestseller with more than 2 million readers, soon to be a major television series From the #1 New York Times-bestselling author of *The Lincoln Highway* and *Rules of Civility*, a beautifully transporting novel about a man who is ordered to spend the rest of his life inside a luxury hotel In 1922, Count Alexander Rostov is deemed an unrepentant aristocrat by a Bolshevik tribunal, and is sentenced to house arrest in the Metropol, a grand hotel across the street from the Kremlin. Rostov, an indomitable man of erudition and wit, has never worked a day in his life, and must now live in an attic room while some of the most tumultuous decades in Russian history are unfolding outside the hotel’s doors. Unexpectedly,

his reduced circumstances provide him entry into a much larger world of emotional discovery. Brimming with humor, a glittering cast of characters, and one beautifully rendered scene after another, this singular novel casts a spell as it relates the count’s endeavor to gain a deeper understanding of what it means to be a man of purpose.

*En Avant!* BRILL

As the visual representation of an essentially oral text, Sylvia Huot points out, the medieval illuminated manuscript has a theatrical, performative quality. She perceives the tension between implied oral performance and real visual artifact as a fundamental aspect of thirteenth- and fourteenth-century poetics. In this generously illustrated volume, Huot examines manuscript texts both from the performance-oriented lyric tradition of *chanson courtoise*, or courtly love lyric, and from the self-consciously literary tradition of Old French narrative poetry. She demonstrates that the evolution of the lyrical romance and *dit*, narrative poems which incorporate thematic and rhetorical elements of the lyric, was responsible for a progressive redefinition of lyric poetry as a

written medium and the emergence of an explicitly written literary tradition uniting lyric and narrative poetics. Huot first investigates the nature of the vernacular book in the thirteenth and fourteenth centuries, analyzing organization, page layout, rubrication, and illumination in a series of manuscripts. She then describes the relationship between poetics and manuscript format in specific texts, including works by widely read medieval authors such as Guillaume de Lorris, Jean de Meun, and Guillaume de Machaut, as well as by lesser-known writers including Nicole de Margival and Watriquet de Couvin. Huot focuses on the writers' characteristic modifications of lyric poetics; their use of writing and performance as theme; their treatment of the poet as singer or writer; and of the lady as implied reader or listener; and the ways in which these features of the text were elaborated by scribes and illuminators. Her readings reveal how medieval poets and book-makers conceived their common project, and how they distinguished their respective roles.

*En Avant!* Knopf

The #1 international best seller In Lean In,

Sheryl Sandberg reignited the conversation around women in the workplace. Sandberg is chief operating officer of Facebook and coauthor of *Option B* with Adam Grant. In 2010, she gave an electrifying TED talk in which she described how women unintentionally hold themselves back in their careers. Her talk, which has been viewed more than six million times, encouraged women to “sit at the table,” seek challenges, take risks, and pursue their goals with gusto. *Lean In* continues that conversation, combining personal anecdotes, hard data, and compelling research to change the conversation from what women can't do to what they can. Sandberg provides practical advice on negotiation techniques, mentorship, and building a satisfying career. She describes specific steps women can take to combine professional achievement with personal fulfillment, and demonstrates how men can benefit by supporting women both in the workplace and at home. Written with humor and wisdom, *Lean In* is a revelatory, inspiring call to action and a blueprint for individual growth that will empower women around the world to achieve their full potential.

**Beginning French** En Avant! Beginning French Looseleaf for En avant

The surprising and compelling story of two rival geniuses in an all-out race to decode one of the world's most famous documents—the Rosetta Stone—and their twenty-year-long battle to solve the mystery of ancient Egypt's hieroglyphs. The Rosetta Stone is one of the most famous objects in the world, attracting millions of visitors to the British museum every year, and yet most people don't really know what it is. Discovered in a pile of rubble in 1799, this slab of stone proved to be the key to unlocking a lost language that baffled scholars for centuries. Carved in ancient Egypt, the Rosetta Stone carried the same message in different languages—in Greek using Greek letters, and in Egyptian using picture-writing called hieroglyphs. Until its discovery, no one in the world knew how to read the hieroglyphs that covered every temple and text and statue in Egypt. Dominating the world for thirty centuries, ancient Egypt was the mightiest empire the world had ever known, yet everything about it—the pyramids, mummies, the Sphinx—was shrouded in mystery.

Whoever was able to decipher the Rosetta Stone, and learn how to read hieroglyphs, would solve that mystery and fling open a door that had been locked for two thousand years. Two brilliant rivals set out to win that prize. One was English, the other French, at a time when England and France were enemies and the world's two great superpowers. The Writing of the Gods chronicles this high-stakes intellectual race in which the winner would win glory for both himself and his nation. A riveting portrait of empires both ancient and modern, this is an unparalleled look at the culture and history of ancient Egypt and a fascinating, fast-paced story of human folly and discovery unlike any other.

A Gentleman in Moscow McGraw-Hill Education

The roots of pragmatics reach back to Antiquity, especially to rhetoric as one of the three liberal arts. However, until the end of the 18th century proto-pragmatic insights tended to be consigned to the pragmatic, that is rhetoric, wastepaper basket and thus excluded from serious philosophical consideration. It can be said that pragmatics was conceived between

1780 and 1830 in Britain, but also in Germany and in France in post-Lockian and post-Kantian philosophies of language. These early 'conceptions' of pragmatics are described in the first part of the book. The second part of the book looks at pragmatic insights made between 1830 and 1880, when they were once more relegated to the philosophical and linguistic underground. The main stage was then occupied by a fact-hunting historical comparative linguistics on the one hand and a newly spiritualised philosophy on the other. In the last part the period between 1880 and 1930 is presented, when pragmatic insights flourished and were sought after systematically. This was due in part to a new upsurge in empiricism, positivism and later behaviourism in philosophy, linguistics and psychology. Between 1780 and 1930 philosophers, psychologists, sociologists and linguists came to see that language could only be studied in the context of dialogue, in the context of human life and finally as being a kind of human action itself.

McGraw-Hill Humanities, Social Sciences & World Languages

ENCORE is an exciting intermediate-level French program that uses an engaging mystery film of the same title to help you to continue to learn about and appreciate the richness and beauty of the French language, and explore the fascinating and diverse cultures of France and the French-speaking world. The textbook ENCORE will help you solidify the vocabulary and grammar you learned in your elementary French courses while at the same time helping you to develop the language skills needed to become an intermediate-level user of French.

**The Race to Decode the Rosetta Stone** McGraw-Hill Education

Students learn best when they are connecting- with authentic culture, with each other as a community, and with the language as used in real-world settings. En avant! sparks the curiosity that builds these connections as students drive toward communicative and cultural confidence and proficiency in the introductory classroom. The En avant! program is built around the following distinctive principles: Focused approach:

En avant! concentrates on what introductory French students can be reasonably expected to learn, allowing for sustained engagement with the material that respects the natural process of language acquisition. A reduced grammar scope leaves more time for the systematic review and recycling of vocabulary and grammar required for students to achieve mastery of first-year skills. Grammar topics that were deemed of secondary importance by our many reviewers are presented in the Par la suite section at the end of the book to allow maximum flexibility for those instructors who wish to extend their coverage of the grammar. Fortifying the acquisition process at every turn is LearnSmart™, evolutionary adaptive technology that builds a learning experience unique to each student's individual needs. Through LearnSmart, students engage in targeted vocabulary and grammar practice so they are prepared to come to class ready to communicate. Active learning: En avant! gives students the opportunity to explore language and culture through interactive activities that keep them focused and engaged. Vocabulary and grammar in En

avant! is taught using an active learning approach, nudging students to discover new vocabulary and language rules through a carefully balanced mix of inductive and explicit presentations and hands-on learning in the Communication en direct video section that begins each chapter, as well as in the Vocabulaire interactif and Grammaire interactive presentations. Integration of culture: Building on the active learning theme, students develop and apply critical-thinking skills in their analysis of the cultural trends and cultural products that are richly presented in En avant! The Communication en direct videos allow students to not only hear the language but to observe how the language is spoken in a cultural context. Vocabulary and grammar are often presented or practiced within a cultural context, and throughout each chapter, students are encouraged to make cross-cultural comparisons by responding to the thought-provoking questions such as those posed in the new Et chez vous? feature that accompanies the Chez les Français and Chez les Francophones texts. The culminating section of the chapter Culture en direct

presents culture at the discourse level through cultural video presentations, authentic texts, feature-film clips, and songs, all related to the chapter theme. The stunning Salut de... video segments, shot in Paris, Montréal, Louisiana, Tunisia, and Tahiti, also provide windows into the diverse cultures of the Francophone world. Mobile Tools for Digital Success: Connect French, McGraw-Hill's digital teaching and learning environment, is now mobile enabled for tablets, allowing students to engage in their course material via the devices they use every day. The digital tools available in the Connect French platform facilitate student progress by providing extensive opportunities to practice and hone their developing skills. These learning opportunities include online communicative activities, instant feedback, peer-editing writing tools, sophisticated reporting, and a complete e-book with embedded audio, video, and grammar tutorials. Connect is the only integrated learning system that empowers students by continuously adapting to deliver precisely what they need, when they need it, and how they need it, so that your class time is more engaging and

effective. \*Connect French, including but not limited to the workbook/lab manual, LearnSmart, the video program, and chat tools, is sold separately and does not come automatically with the purchase of the textbook.

Beginning French (student Edition).

Penguin

The Politics of Aesthetics rethinks the relationship between art and politics, reclaiming "aesthetics" from the narrow confines it is often reduced to. Jacques Rancière reveals its intrinsic link to politics by analysing what they both have in common: the delimitation of the visible and the invisible, the audible and the inaudible, the thinkable and the unthinkable, the possible and the impossible. Presented as a set of inter-linked interviews, The Politics of Aesthetics provides the most comprehensive introduction to Rancière's work to date, ranging across the history of art and politics from the Greek polis to the aesthetic revolution of the modern age. Available now in the Bloomsbury Revelations series 10 years after its original publication, The Politics of Aesthetics includes an afterword by Slavoj

Zizek, an interview for the English edition, a glossary of technical terms and an extensive bibliography.
